HELP NEEDED!

Two pieces of our farm machinery display are in need of some help. The wooden parts are severely deteriorated and need to be reconstructed.

Replacing the wooden parts would be pretty straightforward if done soon, while the overall structure can still be seen and it is obvious “what hooks to what.”

This might be a good project for an Eagle Scout or something for a retired woodworker, etc. Please call 760-723-4125 or stop by the museum if you can help us with this restoration!
