AGENDA: There will be no guest speaker nor long-winded speeches. The program will be brief and move right along, to be followed by a social get-together (coffee and goodies.) Highlights of the meeting:

- ... Society business (Treasurer's report; Minutes; Membership report)
- ... Organizational expansion plans
- ... By-laws changes proposed by directors for membership vote
- ... Presentation of directors slate by Nominating Committee (Gene Hohl, chairman) for membership vote. Additional nominations may be made from the floor, provided that any such nominee has already agreed to serve the Society as a working director
- ... Awards
- ... THE MUSEUM

Since the prime focus of your Society is on making the Museum a reality in 1980, this will be the principle subject of the evening; where we stand now in the Museum Fund Drive ... and where we go from here to attain our goal.
